Miller Restan
Candidate for City Councillor, City of Terrace
2026 General Local Election

Dear Friend and Neighbour,

I'm running for City Council because Terrace has given me more than I ever expected, and I'd like to return the favour. Working alongside all of you, I want to help build a stronger future for the families who live here and the businesses that sustain us.

A local campaign runs on local support. If you're able, I'd be grateful for a contribution of any size. It goes to the basics of reaching voters: signs, printing, and time on the ground. Every donation, large or small, is a vote of confidence that I value.

I've included the donor declaration form that Elections BC requires. It takes about a minute.

Thank you for considering it, and for being part of this community. I'd love to hear from you either way, whether you're able to contribute or not.

With gratitude,

Miller Restan
Candidate for City Councillor, City of Terrace
